

JEHOVAH, JESUS, DIOS, GOD?

Most of the most ancient cults like the Catholic, the protestant or evangelical, Jehovah's Witnesses, Adventist, etc; have used the evil transliterations of the Torá as a shield of their own believes and the change the original words to the catastrophic point of changing the name of the creator of the Universe which is Yahweh, and the name of his Ben (son) Yahshúa.

I will like to clarify about the usage of the word Dios (D-os) or God that is used by most of the people to make reference to the creator of the universe, this before explaining the meaning and the source of the words Jehovah and Jesus. The word is used in a wrong way, but Why? God is word used by means to refer to someone that is considered more than the person that uses the word. As an example we have indigenous people that used to call the sun "god sun" as the use to call the moon "god moon". The Hindu people have over 6,000 gods and a particular one among that many is the cow that is considered a supreme god. We can mention too, all the gods from the Greek, the Roman, the Egyptian, the Celtic, and the Phoenician mythologies and so many others.

We can certainly say that nowadays we can say that many people have as their own gods: names, positions, money, and others. If we have to designate the sun as something superior in order to believe in we will need to use the word "god", so we will say "god sun". Now, it is really important that you ask yourself these questions: What is the name of your god? is it Creator? Or, is it God the Savior? Or, is it Yahwéh the creator? Yahwéh the almighty, the truth, your provider?

The Relevant information about the beginning of the usage of the blaspheming names within history

We have in front of us more than 2,000 years of history where people without any knowledge of the Toráh and without any knowledge of the Hebrew language (Yahwéh's language) have gotten the name dirty. Let's start with the first example of the blaspheming names which is "Jehovah". This is the name given by the United Biblical Societies since the year 1862 and by all the protestant biblical societies after that year. For the year 2011 they have sold and given away so many samples and bibles with the transliteration of the name and so many other things that avoid them to fix the damage that they have created so far. The base of this name is a twisted deduction gotten by Pietro di Galatiano, improperly called Peter Galatiano, a Franciscan Italian man that became the confessor of the Pope Leo X. In the year of 1518 EC Pietro published its piece "De Arcanis Catholicae Veratitas (About the secrets of the universal truth). There is a text from the Torá that was changed in an evil way by Galatiano (as many others from the Torá) and we read in Yeshayahu (*Isaiah*) **52:5 Now therefore, what have I here," says the Yahwéh, "That My people are taken away for nothing? Those who rule over them, Make them wail," says Yahwéh, "And My name is blasphemed continually every yom. 6 Therefore My people shall know My name; Therefore they shall know in that yom that I am He who speaks: 'Behold, it is I.'**"

But far away for the right interpretation of this text, the name will be given to be known by many people but not in the time of Galatiano but the name given to be use at that time was the one given by Ha-Satan when changing the text from the Tetragrammaton. For the year of 1862 it used to look like this: Jehovah. But, from where did they get the "J"? On the old Spanish language the «I,i» used to be written with cursive handwriting and used to be decorated with the symbol (,) at the bottom so looking like this " ,I". From this type of writing is that they got the «J,j». in the same way, the letter "S" just to be written with the cursive handwriting and in an extended way like the symbol used in mathematics nowadays in order to represent the integral function : "J", that used to look like the "f" in the cursive handwriting but without the horizontal line.

When the United Biblical Societies and the rest of the societies decided to obey without any argument the dictations given by the Spanish Royal Language Academy in 1962, the old "J" was added to the text of the bible of the Oso de Casiodoro de Reina from 1569 that was revised by Cipriano de Valera in 1602 (They did this in faithful

way to update and modernize the text as requested by men). The original sound for the added “J” was the “I,i” as many romantic modern languages use it and keep it and even the Anglo-Saxon language use it with a modern Spanish sound that is identical to the H,h at the beginning of the Word “Home” in the English language. That gives us as a result the change from Jehovah to Jehovah.

And what is the meaning of the Word Jehovah? “Je-Hovah” means “here is the disgrace” in the Hebrew language. In the same way the word Jesus and Jehovah are blaspheming names that humiliate the Abba and his Ben Yahshúa. “JE”, “HE” mean in the Hebrew language “look”, reference: Hebrew Code Strong # 1887. “SUS”, “SOUS” means in the Greek language: “Horse”, reference: Hebrew Code Strong # 5483. “Sus”, “SÛS”, “SVS” mean in the latin language: “pig”, “Jesus” from the Greek language “le-sous” means: “les” is the equivalent fo man and “sus, sous” is the equivalent for the word “horse”. That means that “Jesus” means “Horse man or beast man”.

“HOVAH (HOWAH)” that means infringement, ruin, disaster, reference: Hebrew Code Strong # 1943. “JEHOVÁ”, “Je (He)” that means “Je: look” and “hovah: ruin, calamity, destruction, and perversion” so if we get the two words together we get as a result the word “Jehovah” that means: ¡Look the ruin, the destruction!

The fake name of “Jesus” to refer to Yahshúa that was established is the translations of the Torá invoke the presence of evil spiritual beings and this was first done by the catholic roman religion and the by the protestants cults.

Millions of people invoke the name of Jesus without the right knowledge about the meaning of it and they think that they are making reference to the Mashiaj (Messiah). This is exactly what impostors want people to do, to use the wrong name and make people think that they are using the right name and give it what belongs to Yahshúa. The word “Jesus” is the popular corruption of the real name, but that does not mean it is the truth. The idols of the people of different places are demons and their names are used to replace the Real Name with the purpose of usurping the name of the creator which is “YHWH”.

Nor “Jehovah” nor “Jesus” are the real names and this is because the letter “J” has approximately 520 years of existence. It did not exist on the Hebrew, Greek, or Latin languages. It was invented later in order to substitute the pronunciation of the letter “I” with the letter “j” as in the example with the word “Iesus” when changing to “Jesus”. Some other people prefer to use the letter “V” instead of “W” and the write “YHVH or JHVH” and it is important to be aware and have the knowledge about the antiquity of the Torá. On the origins of the Torá when it was given by Yahwéh the “V” letter did not exist but the “W” did exist. That is the reason why we are able to understand that the correct way to write the name is YHWH.

The Real and Correct name of the Creator of the visible and invisible things must be YahWÉH only

Is it incorrect to call the Creator of the Universe with any name that is not the right one?

Of course it is incorrect, as we like to be called by our own name without any modification at any place, ***Yahweh and Yahshua must be called by their names without any modification or without using any nickname that will humiliate their Real Names.*** We do not like to be called by nicknames like: rat, dog, donkey or dork. So, we should avoid doing the same with the names Jesus or Jehovah.

Ha-Satan's objective about changing in a subtle way the Real Name

What is the impostor's job? Really simple, to place himself on Yahweh's position and pretend that he is the creator. He does all this in order to get the honor that only Yahweh deserves and be in the world as if he were the creator. An impostor tries to take what some else deserves even though he does not deserve it. The names used by many people are not just an invention, they make reference to evil spirits and their own names, this will facilitate Ha-Satan's job to usurp the place of the Creator Yahweh and His Ben Yahshúa. Since the rebellion of Ha-Satan he and his demons have been trying to get the worship that belongs only to Yahwéh.

So, which name will you use from now on to refer to the Creator, the Abba, and the ones that give us our Redemption?

SHALOM in YAHWEH. I give todá the Ruaj HaKodesh for using me on the eternal plan of restoration. (Written by: J.CHAV.D) 23-03-2011
